# STATION ANNOUNCEMENT

## Read Carefully

For 1942 we come to you again with our annual catalogue, which we hope will be of benefit to each of us. Our season was exceptionally good and of long duration thus producing an abundant crop of well developed and fully matured roots. In our listings we are sure you will agree that we have a top notch collection of the more **DESIRABLE** varieties. If a dahlia is not up to our standards for good stem, size and healthy bush growth we do not list it.

Our past introductions won well for us and others at the fall shows and we are proud of the success of our customers and hope to merit their continued patronage by offering nothing but the best.

**GUARANTEE**—We guarantee all our stock to be free from disease of any kind and to be true to name in good growing condition. If any should prove otherwise we will be responsible to the extent of replacement or refund of the exact amount involved but no more.

**TERMS**—We require cash with order, or sufficient deposit to hold early orders till shipping time. No orders sent C.O.D. unless 50% of purchase price accompanies the order. We prepay all retail orders in excess of \$2.00. Stamps accepted up to \$3.00. Express or P. O. Money Orders are always safe. Make all checks payable to J. E. HULIN.

**EARLY SHIPMENTS**—Should you desire your order shipped during severe weather, we will pack it as frost proof as possible, and ship it by insured express. After it has left our hands we cannot be held responsible for damage in transit. If any damage occurs put in your claim at once to the Express Co. or send us their report for adjustment and your shipment will be replaced.

**PLEASE REMEMBER** to write your name as plainly as you know how. It is better to **PRINT IT**.

Address all orders and communications to

# DESIRABLE DAHLIAS

New for '42

**HULIN'S MELODY, S.C.** (Hulin-Parrella)—It is almost impossible to paint a satisfactory word picture of a new dahlia, but when it comes to describing **HULIN'S MELODY** it is still harder. Words fail to express the exquisite beauty this flower possesses with its intriguing blend of golden yellow and rose lavender. The wavy petals show a rose sheen on the reverse which blends most delightfully into a melody of colors. The color alone is not the only desirable quality of this new dahlia. The sturdy bush with long stiff stems holding 10-inch blooms well in the air is most outstanding in any garden. The large flowers have a full and tight center, being placed on the stems at an angle that looks right at you.

Winner of several blues in the Northwest, also sweepstakes Silver Cup at Western Washington Fair. Very highly praised on the Honor Roll 1941. Just missed a certificate at the East Lansing Trials. If you decide on only a few of the new ones you will be perfectly happy with this new charming beauty. Guaranteed to please. Roots \$10.00. Plants \$5.00.

**FONDA, M.F.D.** (Hulin-Parrella)—Here is a miniature that really is different in color from any we have yet seen. It is hard to describe the beautiful tones as it is gold at the base shading to orchid and old rose near the tips. Reverse is old rose shading to raspberry. Flower from 2½ to 3 inches facing on best of stems. Profuse bloomer and good foliage. Height of plant about 3 ft. Roots \$1.50. Plants 75c.

**GLAMOUR GIRL, F.D.** (Hulin-Parrella)—A most pleasing blend of warm buff and salmon pink shading deeper at the center of the flower. The blooms are from 8 to 10 inches and face perfectly. Free branching bush of nice light green foliage. Stems are perfectly stiff and long. No insects have yet bothered it and the blooms are extra fine keepers. This most delicate color appeals at once to the eye of those seeking and admiring nature's beauty. You will also like it. Roots \$5.00. Plants \$2.50.

**ROYAL ELK, F.D.** (Lee-Glanfield-Hulin)—A huge unusual rosy lavender held nearly upright on exceptionally stiff stems. The blooms are nearly as deep as wide and curve nearly back to the stem. Medium tall bushes with insect resistant foliage. Winner of the Sunset Medal at Tacoma, Wash. Many blooms of 12 inches have been shown and they are fine keepers for so large a flower. Good root producer. Roots \$5.00.. Plants 2.50.

---

**TOWN TOPIC** still wins as the best Formal, also as the best Washington Introduction.

Remember a small root makes as good a plant as a large one and many times better. The size makes no difference.

### DR. FRIDELL

**DR. FRIDELL, S.C. (Tipton-Hulin)** — Another breath taking variety of the flashy color class. Very attractive orange with a deep lavender reverse that shows at all times. The petals are so wavy they resemble a permanent wave. A large basket of this variety took the show at Tacoma in 1940 and won the Sunset Medal. The season just past it won the Achievement Medal at Seattle, also was judged the best keeper in the show. Blooms will average nine inches, grown normally, with tight centers on stems that hold them well in the air at the proper angle. Get acquainted with this beauty. Roots **\$7.50**. Plants **\$3.50**.

**DOROTHY SCHMIDT, S.C. (Parrella-Hulin)** — A double prize winner at the A.D.S. Show in New York, receiving the Leonard Barron Memorial Trophy and a Special Silver Medal Certificate. A medium size bloom of bluish lavender which appears nearly blue after sundown. A profuse bloomer and nice branching habits with insect resisting foliage. Flowers facing side on good long wiry stems. Height about 4½ ft. Roots **\$7.50**. Plants **\$3.00**.

**SPOTLESS, Min. Ball (Hulin-Parrella)** — Pure white miniature of three inches on splendid long stiff stems. The petals are not quite back to the stem but always full and produced freely over a long period. Medium low bush of light green foliage and healthy. This is a wonderful little white for decorative work. Roots **\$1.00**.

---

Two feedings a year with 3-10-7 is very helpful, one before planting, the other when they start to bud.

**DR. FRIDELL** won the Achievement Medal at Seattle, also the Sunset Medal at Tacoma.

### MARTHA CHURCHILL

**MARTHA CHURCHILL, I.C.** (Turnquist-Hulin)—A 1939 Honor Roll variety now being offered for the first time. A magnificent flower of salmon rose shading to peach pink at the center. The petals are so incurved the bloom resembles a large chrysanthemum. Splendid keeper on long stiff stems which is remarkable for a cactus of this size. Winner of many awards in the Northwest. Achievement Medal winner at Tacoma and Bremerton in 1939. Winner of best flower in the show three years in succession, thus winning the President's Cup. Now being offered at the very low price of: **Roots \$7.50. Plants \$3.50.**

**FRED SPRINGER** (The great KILLY-LIEU or BEDDING DAHLIA)—This dahlia is most useful as a border plant, along the driveway, mixed border or at the property lines. Planted 18 inches apart it will form a solid hedge of lovely feathery bright green foliage literally covered with medium size bright red blooms from early August till taken by frost. No staking is necessary as the bushes are fairly low. So that you can obtain this lovely bedding dahlia we have built up a large stock of it and offer good strong roots at 50c each or six for **\$2.00**.

Do not allow faded blooms to remain on the bushes, keep them cut and you will get more blooms.

At the top of the rockery plant **FRED SPRINGER**, a wonderful border plant.

Nearly every garden has room for a border of Poms. Our list is most complete.

**MAGIC PRINCE** won the Futurity Award for us.
